

You're Invited to a Continuing Medical Education Event

Daytona Beach Cardiac Symposium 2024:

Understanding Contemporary Management of Atrial Fibrillation and Other Cardiac Arrhythmias and Current Therapies For Structural Heart Disease

At the conclusion of this activity participants will be able to:

- Discuss the different categories of atrial fibrillation.
- Review how to counsel patients with atrial fibrillation about mortality/morbidity risk long term.
- Increase general knowledge about other cardiac arrhythmias.
- Educate on atrial fibrillation - medical, endocardial (catheter based), hybrid, i.e. CONVERGENT procedure, surgical management.
- Explain the indications and predictable clinical outcomes from TAVR and Mitraclip.
