

HEART | LUNG | VASCULAR

2026 CONFERENCE

**STRONGEST
T♥GETHER**

February 12 and 13 at the AdventHealth Nicholson Center

KEYNOTE SPEAKER:

David Banks, CEO, AdventHealth

The 2026 Heart, Lung and Vascular Conference “Strongest Together” recognizes and honors the collaboration that exists within the AdventHealth Heart, Lung and Vascular Institute — synergies between service lines, programs and ultimately in patient care. Although these have always existed, we are strongest together when we work to enhance our learning experience, ecosystems and coalition geographically and clinically. Discussions are intended to share clinical pathways, collaboration tools and best practices from leaders in each area of expertise for all health care team members to provide whole-person care.
