Qualifies
for CME and
MOC Credit

Saving lives through organ donation begins with a donor hero. This educational event will deepen understanding and ensure accurate brain-death diagnosis as a critical step in creating a lasting legacy for patients and their families.

Presenter

Dr. Amay Parikh, MD, MBA, FACP

Board Certified in: Internal Medicine, Neuro-Critical Care, & Nephrology

Why It Matters

The 2023 AAN Brain Death Determination Guidelines provide a standardized, evidence-based approach to declaring death by neurologic criteria. These updates ensure consistency, accuracy, and integrity in clinical practice while aligning with current legal standards. Understanding these changes helps clinicians make confident, well-supported decisions in critical moments.

Learning Objectives

- Learn about the major revisions in the 2023 AAN Brain Death Determination Guidelines and their impact on clinical practice.
- Analyze each step in the brain death determination process to ensure accuracy and consistency.
- Review best practices for documentation and communication throughout the evaluation process.

Accreditation and Designation Statement

AdventHealth Orlando is accredited by the Florida Medical Association to provide continuing medical education for physicians.

AdventHealth Orlando designates this virtual activity for [1] hour of CME and [1] hour of MOC credit. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

OurLegacy is the federally designated organ procurement organization for 10-counties across east-Central Florida. Together with our community, OurLegacy cares for families, honors donors and saves lives through organ and tissue donation.
