

The Center for Interventional Endoscopy Presents

Update on Advances in Endoscopic Interventions

February 22, 2020

Hammock Beach Resort | Palm Coast, FL

Advent Health

Hosted by Center for Interventional Endoscopy

About the Center for Interventional Endoscopy

The Center for Interventional Endoscopy (CIE) was created to effectively integrate therapeutic endoscopy with minimally invasive surgery to provide state-of-the-art care for patients with complex digestive disease problems. Our mission is to foster cutting-edge clinical research and train the next generation of endoscopists and minimally invasive surgeons. CIE serves as a regional, national and international referral center for patients who may benefit from advanced endoscopic interventions.
